Head to Head Challenge

This challenge is timed.

Competitors will stand back to back to start.

Competitors will carry sandbags from the startline to a sled 30 yards away, 3 times.

After each sandbag carry, the competitor will shoot an arrow at targets increasing distances

After the third sandbag is carried to the sled, they will drag the sled back to the start line.

They will pick up their bow and shoot the fourth and last arrow at the farthest target.

The timer stops after they step out of the shooting box after their last arrow.

Penalties will be added based on the shooting accuracy.
